Michelle,

Thanks for sending me this information. Let me know what you find out about selling in Indiana because I don't know how exactly this would work since we do have our own website and do sell some directly to consumers. I assume if someone bought directly from us, this would be considered a sale in Indiana. Just let me know what you find out from the lawyers.

Best regards,  
Ginger

Hi Ginger,

The release date is tentatively scheduled for a mid February release. This is a documentary-type movie and will be showing on approximately 500 screens. By March, it is set to be distributed internationally to the major markets.

One thought occurred to me and I wanted to discuss before we spoke further. We are prohibited to sell and/or distribute any Marilyn's Man merchandise in the state of Indiana. CMG on behalf of her estate was able to pass a law to prohibit any others from selling licensed merchandise there. I have not had any concerns with our current licensees, although I noticed your address. I have scheduled a call with our lawyer to discuss since this has not come up yet, but I thought at the same time I would let you know as well.

Thanks Ginger and I look forward to hearing your comments.

Best regards,  
Michelle

Michelle,

I would be interested in learning more about the licensing opportunities for this movie. When you say the movie will release early next year, do you know a specific release date? Obviously the release date is somewhat important for a dated product such as calendars. Please contact me so that we can discuss the possibilities.

Thanks,  
Ginger
